1. IndSearch - Quality Policy

"As a socially conscious and responsible education and research institution, we provide our students and faculty an opportunity to excel in serving the nation, academic institutions and business by implementing our Quality Policy"

Objectives of the Quality Policy:

- To design and promote value-based, cost-effective, high quality management education, training, research and consultancy services.
- To commit ourselves to relentlessly pursue achieving excellence in all our endeavors.
- To commit ourselves to continuously enhance and improve all our systems, procedures and facilities.
- To set Quality objectives and Targets through a consultative process involving all stakeholders.

M. J. Tendulkar
