

17th December 2022

Guest Lecture by Ms. Tejaswini Chotgu on Financial Literacy.

The lecture focused on today's VUCA (Volatile, Uncertain, Complex, Ambiguous) world and the need for each and every individual student to swiftly adapt to the changing economic scenario to sustain in the long-run. The speaker also talked about Objective of Investments in financial products like Mutual funds, Savings bank accounts, shares etc. An overview of financial sector refers to the ability to understand and apply different financial skills effectively, including personal financial management, budgeting, and saving. Financial literacy makes

individuals become self-sufficient, so that financial stability can be accomplished.
